

RIDER RELIEF FUND

April/May Newsletter 2016

Humps-N-Horns Magazine

In April's addition of Humps-Horns, Ty Pozzobon was featured in the article Chasing a Dream. This article displayed the life of Ty Pozzobon and the struggles endured in the competitive sport of bull riding. Most riders don't foresee getting hurt however sadly in this dangerous sport it is sometimes unavoidable. Check out Ty's journey and how Rider Relief Fund assisted in his recovery and journey back to bull riding in April's addition of Humps-Horns Magazine. <http://reader.mediawiremobile.com/HNH/issues/101561/viewer>

In May's edition of Humps-N-Horns we get a first hand look at the life of Neil Holmes and his journey of becoming a bull rider. As most of the riders and fans of this sport know, the question is not if you're going to get injured but when. Fortunately, during Neil's career he has only sustained two injuries with the most severe occurring at the 2015 World Finals. Neil's injuries included a lacerated chin, a concussion, and a broken jaw. After his injury Neil turned to the Rider Relief Fund for assistance to help with his financial needs till he could return to competition. This injury has not deterred Neil from the goals he hopes to achieve before his career is over and we hope to see Neil accomplish each one! Neil shared some advice for others that are thinking of getting into the sport, "Stay in school or make sure bull riding is what you want to do. It isn't for the faint hearted, it takes dedication and determination. There aren't just bumps in the road they are mountains. If you don't want to work hard and be the best, don't waste your time." Follow the link below to read the rest of Neil's story, <http://reader.mediawiremobile.com/HNH/issues/101786/viewer>.

Rider Relief Fund Support the Sport 5k

Want the chance to compete against PBR's fearless bull riders and bullfighters?
